

Orange Juice

to D.F.W.

I will no longer be me so it will be
okay, I will have been subsumed, some body

will stretch out on this bed or stick my head
in this noose I foresee you can get the progenitor

for in any hardware store, any Boy Scout like I was
supposed to be fondly can

figure out the knot
the general type I think a lot

of vodka or its sister to blister me up
& here will be a chair for a ladder would be

really tacky taking itself
far too seriously it should be a

casual thing, a non-event, just up you go
& down you swing, & bango bingo
